

FISCAL MEMORANDUM

SB 1391 – HB 1433

March 26, 2007

SUMMARY OF AMENDMENT (004884): Authorizes Davidson County to enact an ordinance imposing an additional 1% increase in the hotel/motel tax. Changes the allocations of the existing hotel/motel tax in Davidson County and makes provisions for the allocation of certain tax revenue in a secondary tourist development zone within the county if such zone is created.

FISCAL IMPACT OF ORIGINAL BILL:

Increase Local Govt. Revenues - \$4,000,000/Permissive
Increase Local Govt. Expenditures – Not Significant/Permissive

Foregone State Revenue – Exceeds \$5,000,000

FISCAL IMPACT OF BILL WITH PROPOSED AMENDMENT:

Increase Local Govt. Revenues – Exceeds
\$9,000,000/Permissive
Increase Local Govt. Expenditures – Not Significant/Permissive

Forgone State Revenue – Exceeds \$5,000,000

Other Fiscal Impact – There will be a shift in the way current and new hotel/motel tax revenues are earmarked if the 1% increase in the hotel/motel tax is approved in Davidson County. The bill provides for:

- 1/3 earmarked for the direct promotion of tourism – approximately \$8,000,000**
- 1/3 earmarked for modification, construction, financing and operation of a convention center – approximately \$8,000,000**
- 1/6 for tourist related activities – approximately \$4,000,000**
- 1/6 for the general fund – approximately \$4,000,000**

If a secondary tourism development zone is created in Davidson County, the following allocation of the additional 1% increase in the hotel/motel tax will occur:

All of the proceeds of the 1% increase (approximately

SB 1391 – HB 1433

\$4,000,000) will be dedicated to the general fund.

If such zone is not created, such funds will be allocated according to the 1/3, 1/3, 1/6, 1/6 formula outlined above.

If such a zone is created, up to half of the proceeds of 4% of the existing tax revenue that is generated within the tourism development zone will be allocated to the general fund if certain revenue thresholds are met.

If such a zone is created in Davidson County, all of the sales and use tax generated within the zone which is in excess of base revenues will be apportioned to the general fund. This is estimated to result in foregone revenues to the state of approximately \$5,000,000 with a corresponding increase in local government revenues.

Assumptions applied to amendment:

- Davidson County hotel/motel tax collections are approximately \$20,000,000 annually.
- Currently, a 5% hotel/motel tax in Davidson County.
- The provisions of the bill apply only to Davidson County.
- An increase in local government expenditures due to the administrative cost of implementing the provisions of the bill. Such increase is estimated to be not significant.
- No fiscal impact to the county for the authorizing actions required by the Metropolitan Council.
- There is estimated to be foregone state revenue and a corresponding increase in local government revenue in excess of \$5,000,000 due to the allocation by section 13 of the amendment of sales and use taxes derived from sales within a secondary tourist development zone (if such zone is created) that would be earmarked to the municipal general fund.
